INTERIM CORPORATE REPORT

The year 2022 was another significant milestone for The Placement Cell, with exceptional contributions from the placement team led by faculty mentors and a number of successes. We made certain that the students received the greatest career support possible, including training sessions, mock interviews, mock aptitude tests, CV vetting, seminars, as well as exceptional internship, fellowship, and placement opportunities. Following that we take immense pleasure in presenting a summary of our statistics and accomplishments.

In the last 6 months, for final placements, we successfully managed to onboard 93 companies from various industries such as PWC, EY GDS, Infosys, Accenture, Wipro, Genpact, ICICI Prudential, NielsenIQ, TravClan, etc. offering 50+ profiles with the highest package being INR 36.5 LPA and placing 90 students across various domains. The average and median package stood at 5.65 LPA and 4.83 LPA. A total of 66 students got selected to intern for a versatile pool of 96 companies with the highest stipend being INR 1.5 LPA. The average stipend increased to INR 11,000 whereas the median stipend stood up to INR 5,250.

Apart from the overwhelming amount of opportunities offered to the students, The Placement Cell adds a lot more value to the experiences of the students as well as of the recruiters. We pledged to provide them with the best guidance and a strong foundation in the early stage of their careers. For which we conducted a unique 3 Days Training + Recruitment Program, a seminar on Designing Resume and Curriculum Vitae, Offline Workshop to build a preparation strategy to land on dream job roles, etc. The 3 Days Training + Recruitment Program included seminars on crucial topics such as Capacity Building through Basic Personality Development and Communication Skills, Email Etiquette, Resume Writing and Mock Interviews. The mock interview experience was just like the real-life job interview experience, the HRs also gave them valuable feedback which focused on micro details. The enlightening seminars conducted involved speakers and mentors from top-tier universities like IBS Business School, NIT Kurukshetra, etc. which gave the students the right amount of motivation and enthusiasm to make a difference in their careers. Every month without fail, we also facilitated our students in acquiring a broad range of professional insights through our monthly blog, 'Corporate Catena' and our monthly newsletters.

Our success purely lies in your success whether you receive a major placement offer or you learn how to improve your skill sets, it matters and motivates us along with you. Thus, The Placement Cell team will keep striving till you thrive and achieve your dreams in the corporate world.

Hear from our Students

"The process was quite simple, the PC and the coordinators were always there to support whenever needed. Overall a good experience"

- Saawal Gupta (B.Com (hons.)), Batch 2023

"The experience with The Placement Cell was exceptionally great. I was supported in every possible way. I didn't need to check my emails regularly for updates, Mukul from the team would usually call me as soon as he used to get an update. The experience was seemingly smooth and I couldn't have asked for more from the placement cell."

- Kunal Mittal (B.Sc.(H) Statistics), Batch 2023

"From just dreaming for a BIG-4 to making it happen in real- The Placement Cell of our college did this for me. I was a little nervous but I was thrilled to look at how the team works for every drive diligently. They supported me in every step. Thank you to this whole determined team for making me grab this opportunity."

- Mohak Sharma (B.Com(P)), Batch 2023
